

NEWS RELEASE

The Lift Superstore is growing!!! We are proud to announce the future opening of a NEW Lift Superstore Location in White City, Saskatchewan just outside of Regina. Rob Tebb and his team at Xtended Hydraulics have an incredible reputation for their excellent customer service and quality in their hydraulic cylinder manufacturing business. Partnering with a quality team is always of the utmost importance to us at the Lift Superstore. Xtended Hydraulics has expanded their existing business to include Commercial lift service and installs. Their expertise in their core business of Hydraulic cylinder manufacturing has made this a smooth transition. With the addition of the TLS Commercial lift line and the Lift Superstore brand they have decided to form a new company for service and sales of lift products, this company will be called Xtended Lift Services/The Lift Superstore Regina.

The Storefront is currently under construction and plans for opening in the spring of 2019 are well under way. Please feel free to call or email any questions or enquiries you may have. The following is a list of contact information:
